1964	5 Selectmen and Full Time Clerk	7,799.36	7,726.49
1965	5 Selectmen and Full Time Clerk	8,478.00	8,455.66
1966	5 Selectmen and Full Time Clerk	8,649.34	8,755.66

The Excess and Deficiency Account balance at the close of the year 1966 was \$275,342.24.

Your 1966 Board of Selectmen spent many hours in conference with the Massachusetts Department of Natural Resources and the State Department of Public Health regarding rubbish disposal for our town, which would meet with their requirements. It is hoped that the location and money will be resolved by the Town Meeting action early in 1967.

The town water supply is still not adequate for our needs. The Mine Brook Area has proved to be a lucrative source of water, according to tests made by an engineering firm. To be resolved is the acquisition of the necessary land in the area so we can proceed with the building of the roadway and the pumping station. We can then connect the supply of water into our present distributing system.

A new location and the construction by the State on Moose Hill Road has been agreed upon by both the Selectmen and State officials. Early Spring construction of the road has been promised by said officials.

Your Selectmen, as the Board of Health, have been faced with problems pertaining to Septic Tank and Sewerage Disposal in low area developments. To be better informed on these problems the Board has become a member of the South Eastern Massachusetts Regional Board of Health Association.

Bargaining with the new Department of Public Works Union representatives got underway toward the end of this year.

We wish to thank the Town Forest Committee and all other groups who formulated and carried out the program marking the 50th Anniversary of our Town Forest. Walpole has the distinction of being the first to have a Town Forest in the State of Massachusetts.

We acknowledge with regret the passing of two former outstanding citizens of Walpole, who served as members of the Honorable Board of Selectmen.

AXEL H. ANDERSON—Elected 1924

CHARLES W. KEMP—Elected June 23, 1953 through 1958

The Board of Selectmen take this opportunity to thank all elected and appointed officials for their help in the past and hope for continued cooperation in the future.

Town Administrator

RICHARD GLEESON, *Town Administrator*

All bills pertaining to the Public Works and Administration Departments were examined and processed.

Specifications for construction and Public Works equipment were rewritten.

The preparation of Water and Sewer reports was supervised.

The Water billing procedures were reviewed and improvements were made.

All permit forms were reviewed and redesign was started as required.

Public Works Department

HAROLD E. WILLIS, *Superintendent*

The Public Works consists of the Highway Department, Water and Sewer Department, and Park Department. All purchases by these departments must be approved by the Public Works Superintendent. All aspects of construction, maintenance, training, and snow removal are supervised and coordinated by the Public Works Superintendent.

Highway Department

HERBERT MAKER, *Foreman*

The following streets were repaved with Type I Bituminous Concrete: Marguerite Road, Carpenter Road, Bonnie Road, Washington Street from High Plain Street to Benny Street, Washington Street to Common Street.

Robbins Road was completely excavated, new culverts and drainage installed and top gravel put in place.

Maple Grove and Rural Cemeteries drives were all reshaped and paved with Type I Bituminous Concrete. Union Street trench was permanently patched. East Street sewer trench was permanently patched. Edgewood Avenue, Alice Avenue and Field Drive Sewer Trunk Trenches were patched.

Four tennis courts were constructed at the High School Field. These are complete except for paving and fencing.

The painting program on all Town vehicles was continued and is about 90% completed.

We completed the catch basin marker program on all newly paved streets in Town. All catch basins were cleaned by contract and inspected by regular employees of the Town.

Kingsbury Street was reshaped with some gravel added and given one application of tar.

All fences and guard rails were kept in repair. All signs requested by the Police Department were made and installed.

Hundreds of street signs and traffic signs were replaced due to vandalism.

All motor vehicles and equipment were kept in top condition in conjunction with regular replacement program. Our own garage did 95% of all the repair work.

Park Department

JAMES WALSH, Foreman

The program for removal of dead or diseased elms continued and the sanitation program was carried on.

Spring and Fall tree plantings were carried out. The Fall plantings were confined to the Commons and public grounds.

The program of fertilizing lawns and athletic fields was expanded. Mowing was continued.

Grading, loaming and seeding was done along Fisher Street, Davis Street tank area and at the Central Pool and Plimpton Street.

Brush and weeds were cut along roadsides in Town. Poison ivy was sprayed along Town roads.

Brush and trees were cut for well site exploration.

Worked with Sheriff Hedges and Town Forest Committee in preparing for the Town Forest Anniversary Celebration.

Water Department

NICOLA SIMONELLI, Foreman

An extensive search for ground water was completed with highly favorable results. Two reports were published this year. They are "Investigation of Ground Water Resources" by Geraghty & Miller and "Additions and Improvements to the Water System" by Metcalf and Eddy. Copies of each have been placed in the Library.

A leak survey by "Associated Water Services" was conducted. This was accomplished by visiting all hydrants in the Town with an Electronic Instrument. It is an instrument sensitive only to the frequency of sound created by water escaping from a pipe under pressure. The firm was very successful in their survey. They located a total of 21 leaks. Total estimated leakage was 157 gallons per minute. This represents a water loss of 11.9%. These leaks were repaired.

All wells on the Washington Street suction system were washed.

High Plain Street Standpipe (500,000 gallons) was sand blasted and painted (interior), spot sand blasted and painted (exterior).

All stores and restaurants selling milk and cream in Walpole were licensed and refrigeration checked. Milk licenses were issued to all dealers shipping into Walpole after filing applications for a license to sell milk and cream. Each month a spot check of samples for residues of antibiotics was made. Spot checking of samples from refrigerated milk dispensers in restaurants was continued. The records of the milk inspector were kept and the results of bacteriological tests were recorded and dealers notified.

School Dentist and Dental Hygienist

EDWARD SMOOKLER, D.M.D.

BERTHA ZLOCHIVER, R.D.H.

Under the direction of the school dentist, Dr. Edward Smookler, dental care was provided for the children in grades 1 through 6 who are eligible for treatment in the school dental clinics. A few children in the upper grades were taken care of because of an emergency in each case. One of the school Dental Hygienists assisted the Dentist and did follow-up work in dental corrections.

Since preventive dentistry is the prime purpose of the dental program, the hygienists visited the classrooms of all the elementary grades to inspect the teeth and to emphasize the importance of good dental health practices. In addition, the other hygienist cleaned the teeth and applied topical fluoride to the teeth of second grade children.

The operations performed in the clinics follow:

	<i>Deciduous Teeth</i>	<i>Permanent Teeth</i>
Number of Patients	238	
Number of Visits	503	
Number of Fillings	422	684
Number of Extractions	74	9
Number of Fluoride Applications	126	

Health Officer

EDWARD R. DeROMA, M.D.

There has been the usual number of contagious diseases with no evidence of any epidemic or serious complications. The records of these diseases were reported promptly to the State and District Health Office.

All Health and Sanitation complaints have been investigated promptly and corrected wherever necessary.

In May we held a Measles Clinic for children from 9 months to 12 years of age. We had a good response to this clinic. We hope to hold another in a year and eventually to have measles practically irradiated.

In September a New Parochial School was opened in Walpole. The Health Department, in cooperation with the Visiting Nurse Association, took care of the health program. The health program is run the same as the one in the Walpole Public Schools.

The Health Officer wishes to express his sincere thanks to everyone who helped to make this a successful year.

Town Sanitarian

PUTNAM STEELE, *R.S., Sanitarian*

Program of supervision of all on site sewage disposal systems were promptly attended to at new building and also requests for advice in repair or addition to older existing facilities.

All complaints were investigated and resolved as soon as possible, if nature of complaint was Board of Health jurisdiction.

Inspection of eating and drinking establishments were made as time allowed, also bacteria swab counts of utensils used by public. Priority was given to sewage disposal program and complaints.

Water analysis of Town Swimming Pools was made during season, also drainage water and natural bodies of water as necessary. Bacteriological water analysis was made of Town Water Supply at several locations.

Proposed subdivisions of land were investigated as to suitability of subsurface sewage disposal for home building, and findings reported to Board of Health.

Swimming Pools

ROBERT M. GRANEY, *Supervisor*

The supervised swimming programs at the East Walpole, Walpole Center and South Walpole Pools, were well patronized by the children and adults of Walpole.

The newest addition to the summer facilities, the wading pool in Memorial Park, was very popular with the young children and their parents.

Classes were conducted for hundreds of Walpole children during the swimming season.

The classes were conducted in the morning at the Center and South Pools. Lessons were held in: Junior and Senior Life Saving, non-swimmers, beginners, and intermediate swimming. The lessons were taught by qualified Red Cross Instructors, under the direction of Miss Dorothea Kunde.

Inspector of Animals

DR. FRANCIS X. MAGUIRE, *V.M.D.*

All reported dog bites investigated and necessary quarantine measures were carried out.

All premises where livestock is kept were inspected.

All regulations of the Division of Livestock Disease Control have been carried out.

1966 PLAYGROUND SCAVENGER HUNT—Within seconds after this picture was taken, the youngsters in this group were scattered all over East Walpole looking for required scavenger hunt items. Playground leader Diane Makerevich is shown (upper left) starting to distribute the lists containing the items to be collected. The children in the group all participated in the Scavenger Hunt which started from the playground area in Bird Park. All other town playgrounds held a similar Scavenger Hunt on August 3rd.

Playgrounds

CHARLES A. HANEY, *Supervisor*

For a period of eight weeks, starting on Tuesday, July 5, the five town playgrounds were open for an informal type of supervised recreation. The activities were informal in that a child could come to a playground and leave at any time he wished—yet while he was there, his activities were under the direction of the conscientious playground leaders.

Games and contests were organized according to the weather (particularly the temperature) and also in relation to the ages and number of children attending the playground at any particular time.

The play areas were open Monday through Friday, 9:30 a.m. to 12 noon and 1 p.m. to 4 p.m. on all days having suitable weather. All Walpole children of school age (6 years to 19 years) and their visiting friends were eligible to take advantage of the playground activities.

The Staff

The 1966 instructors and the playgrounds to which they were assigned were:

Walpole Center (Blackburn Hall) : Peter Brady and Eleanor Guisti.

Plimpton School: John Flynn, Marlene Mastropieri.

Bird Park, East Walpole: Richard Thompson, Diane Makerevich.

Boyden School, South Walpole: Peter Aledda, Cynthia Cobb.

Old Fisher School, North Walpole: Chester Heckman, Mary Smith.

A wide variety of activities were offered at the playgrounds. Baseball, softball, horseshoes, badminton, touch football, whiffle ball, croquet, and ping pong, were some of the active games played daily. Many quiet type games such as checkers, scrabble, chess, monopoly, sorry, dominoes, bingo, parchesi, life, and others were available.

To stimulate interest the program also included special weekly events. The play areas each held a scavenger hunt and a coloring contest. As usual the annual trip to Fenway Park to see the Red Sox play proved extremely popular and this year the record number of 507 youngsters took the trip. Other special activities were the tournaments in ping pong horseshoes, badminton, checkers, chess, and contests to see who could make the best popsicle stick projects, pot holders, gimp projects, etc.

A new playground activity this summer was the poster contest which lasted throughout the playground season. The contest was held to produce posters reminding people that "Be a Walpole Booster Week" was coming.

Our arts and crafts program was especially successful this year and for a week in August a sampling of the handicraft items made by the playground children was on display in the first floor corridor of the Town Hall.

Total receipts—\$1,218.80 turned in to Town Treasurer.

Checked mobile canteen operators, fish and egg dealers for licenses and scales if used, also out of town oil dealers for seals.

Various checks and rechecks made at gas stations for proper price indicators. Tested and sealed the school, health officer's, visiting nurses' scales and some equipment at the town garage.

The year 1966 will be remembered as a year of anticipation and participation by every member of the Walpole Visiting Nurse Association. The Medicare program became effective on July 1, 1966. Specific standards were set by the government to qualify the agency for certification essential to provide the services to people covered by this Federal Act. Directors and nurses attended the many meetings sponsored by the Massachusetts Department of Public Health, traveling countless miles to acquaint ourselves with the program and procedures. Changes in all policies were made and an Advisory Board created.

In addition to nursing services the Medicare program required that each agency now entitled "Home Health Care" have public health nursing supervision and provide a second service. It would have been impractical financially for an agency the size of Walpole Visiting Nurse Association to provide for the above requirements. A federal grant to initiate this program was available on a regional basis.

After much study, the grant was given to Foxboro Visiting Nurse Association. Walpole joined with Franklin, Wrentham and Sharon to purchase the supervision and our second and third services of physical and speech therapy from Foxboro. These therapies are available through our contract with Norwood Hospital and are for the benefit of all citizens of Walpole, regardless of age. Our qualifications were reviewed on July 18 and we were certified on August 23, 1966. As of December 31st, 58% of our patients are benefiting from Medicare.

In Public Health, home visits and guidance were given to mothers and new-born babies. Tuberculosis control calls were made and assistance given to the Public School nurses with the school T.B. testing program. Under the direction of Dr. DeRoma and guidance of Mrs. Eugene Hartshorn, V.N.A. Community Chairman, a measles clinic was held on May 21, 1966 with 451 children receiving the vaccine. The V.N.A. nurses assisted at the Lion's Club Glaucoma clinic in April and follow-up calls were made. The nurses also worked at the Walpole Red Cross Bloodmobiles.

As in former years investigations for applications to Camp Wonderland were made for Salvation Army. A course in Child Care was given for

Girl Scouts and Camp Fire Girls at the Junior High level. Four sessions were held and 70 girls participated. A course in Health Promotion was given to a sixth grade Girl Scout troop.

In March the staff nurses attended the Annual Mental Health Meeting representing the Board of Selectmen.

A large number of our citizens availed themselves of our free use of medical equipment. Our sincere appreciation to the Building Repairs Department of the town for delivering large pieces of equipment. Without this service it would be impossible for patients to enjoy the comfort of a hospital bed.

In addition to meetings concerning the Medicare Programs we have continued our interest in the Norfolk Bristol County Health, Educational and Welfare Council. The Home Health Aid program was temporarily tabled, but it is our earnest hope that progress can be made on this fourth service.

Committee for Special Recreation

JOHN V. KIELY, *Director*

The 1966 season at the Dutton Day Camp began on Tuesday, July 5th and continued through Friday, August 26th. Through the aid of counselors, park, and water department personnel the camp was made ready for its opening.

The Special Recreation staff consisted of the Director, Assistant Director, a Head Counselor, and two Junior Counselors. About fifteen volunteers supplemented the staff and helped considerably to bring about a very successful season for the children.

During the eight weeks of camp, the daily routine was as follows:

- 8:30—All members of the staff arrived.
- 9:00—Cabs began to arrive with the campers.
- 9:00-9:15—Free play (children played together or with toys and games, supervised by a counselor, and with no defined groups).
- 9:15-9:25—Roll call was taken and the flag was saluted.
- 9:25-10:15—The children had arts and crafts in groups at the tables.
- 10:20-11:05—Supervised games were played or a hike was taken.
- 11:10-11:30—The counselors had lunch while the children listened to records, stories, or danced.
- 11:30-12:00—The children had lunch.
- 12:00-12:20—The campers changed to swim suits or travelled to an adjacent playground by bus.
- 12:30-1:40—Swimming was enjoyed at the Memorial Pool or the children played at a town playground.
- 1:50-2:15—The trip was made back to camp where the children changed to their regular clothes.

2:20-2:30—Everyone had a juice break.

2:30-2:45—Free play was enjoyed.

2:45-3:05—Cabs arrived and the children left.

3:05-3:20—The counselors put away materials and prepared to leave.

There were 42 registrations with an average of 37 in attendance each of the 38 camp days.

Transportation to the Camp was provided by the Allied Cab Company of Norwood. Under the direction of the owner, Mr. Fuller, the children were well cared for by a most helpful staff of drivers.

This year, the children were able to enjoy transportation by bus to many different points of interest, some of which included the Edaville Railroad, Roger Williams Park in Providence, Capron Park, Gloucester Beach, Bird Park, the Paine School Playground in Westwood. Mr. Sansone of Sansone Motors in Norwood, allowed the camp to lease the bus for six weeks. The director was the driver and had the bus at his disposal on the camp grounds. The South Norfolk Association for Retarded Children informed the director that the organization had voted to supply the cost of the lease which was \$250.00. Through their generosity the children enjoyed a summer of many different activities.

The parents of the children sent money and materials which made it possible to give the campers a worthwhile and happy summer.

The Special Recreation Budget was sufficient during this season to carry on the program. The budget was as follows:

Salaries	\$2,300.00
Transportation	2,329.44
Milk	124.00
Telephone	44.71
Equipment	77.45

The appropriation was \$5,000.00.

This Director would be unforgiveably remiss if he did not on behalf of the children thank the very many sincerely interested people who donated their time, finances, and materials for the benefit of the children. Some of the very many benefactors were the devoted staff, the camp volunteers, the parents of the campers, the South Norfolk Association for Retarded Children, the entire Davino family of Kendall Street, 'Tonys' Market, Mr. Anthony Sansone, Mr. Charles Nasif and his brother of Jolly Cholly, Mr. Lanzoni of Highway Bowl-Away, and Mr. Paul Connors, plumber.

Finally, the Director wishes to express his thanks to Mrs. Dutton, who each year allows a considerable part of her estate to be used as a summer camp for Retarded Children.

In May 1966 James Kelliher and James Headd were appointed as permanent patrolmen to the Police Department. Both officers attended and completed a "Department Training Course" and they attended and passed a First Aid Course.

Due to increased police coverage required at various establishments in the town, seven men were sworn in as special police officers in July and these men received basic police training which comprised of fire-arms training, traffic and crowd control, law, court procedure, public relations and first aid.

The Pistol Team once again enjoyed a very successful year and again won the Norfolk County Trust Company trophy. They have captured this trophy in the past nine out of eleven years. The team also captured the Brewster and Commanders' trophies, competed in other matches and exhibitions held locally and in New England and many won team and individual honors. All members in the department are required to fire in the pistol matches and the Practical Pistol Course which is recommended by the F.B.I. for regular police work.

During the year, we had two serious assaults by means of a dangerous weapon upon persons in the town. Otherwise, we had few major crimes and our juvenile problem remained about the same as it has for the past two years, which in our opinion is not a serious situation at this time. Our juvenile problems are not constant and if we have been at all successful, part of it can be traced to our relentless program of prevention, which calls for constant vigilance on the part of the police officers. Another part of the success picture can be traced to the splendid cooperation of many citizens in the Town.

The "Investigative Bureau" which was made a permanent part of the Department has exceeded our expectations. It has been a major step forward in keeping abreast of crime in the town on an around the clock basis, with modern techniques and legal "know-how."

A very important police law was passed last year (Chapter 41, Section 96B) which reads in part: "That every person who receives an appointment as a regular police officer on a permanent full-time basis in any city or town with over five thousand inhabitants shall within one year be assigned to and shall attend a police training council, and shall complete the prescribed courses of study. While attending he shall be paid his wages and be paid for any reasonable expenses."

All members of the department are receiving full training on the radar unit that was acquired by the Department this past year. With all the men properly trained with the radar unit, it should cut down on speedsters in the town and it will be very beneficial in conducting traffic "speed zoning" surveys.

Patrolman Kenneth Hutchins was enrolled at the State Police Training Academy for a period of six weeks and successfully passed all fields of training.

Members of the department attended many seminars during the year which were sponsored by the F.B.I., State and County agencies and universities. Courses included Juvenile Problems, Drugs and Narcotics, New Supreme Court Rulings, Administration, Riot Control, Public Relations, and other police problems.

The following are some facts and figures regarding "juvenile delinquency" in Massachusetts, which we believe will be of interest to the citizens:

First, it should be explained that the legal terminology of a delinquent child in Massachusetts is: "A child between the ages of seven and seventeen who violates any city ordinance or by-law or commits any offense not punishable by death"; and second, the "Division of Youth Service" is a division set up by the Commonwealth of Massachusetts for the handling, treatment and study of youthful and juvenile offenders who have been committed to the Youth Service Board after their appearance in court. The following facts were compiled by this division:

Juveniles appearing in court—1965	12,193
Boys appearing in court—1965	10,627
Girls appearing in court—1965	1,566
Boys committed to Youth Service Board—1965	777
Girls committed to Youth Service Board—1964	230
7.3% of all boys appearing in court in 1965 were committed.	
14.0% of all girls appearing in court in 1965 were committed.	
Committed from Norfolk County in 1965—32 (26 boys, 6 girls)	

The following are some statistics taken from the 1966 police blotter, compared with 1965:

CAPT. RALPH W. BASSEY

Fire Department

ROBERT M. GARDNER, *Chief*

A mutually successful Norfolk County Fire Training Seminar was held in Walpole this past summer under the joint auspices of the Massachusetts Department of Education and the Massachusetts Fire Department Drill Instructors Association. It was sponsored by both the Norfolk County Fire Fighters Association and the Norfolk County Fire Chiefs Association. Over one hundred and fifty fire fighters and officers from all the towns of Norfolk County took advantage of the many courses offered. We were extremely grateful to the Walpole School Department for the use of classroom facilities and also to the Walpole Public Works Department for the use of their buildings and grounds.

This is the first time that anything of this nature has ever been undertaken in Norfolk County. It was received with such favor by all participating towns that another seminar has already been scheduled for September of 1967. Much of the success of our 1966 venture may be

attributed to the efforts and time spent by the Seminar Coordinator, Assistant Fire Chief Chester Donnell of our own department.

Several of our Fire Fighters were also able to take part in the excellent training activities held at the Central Massachusetts Fire Training Academy at Cushing Hospital in Framingham, Massachusetts.

We continue to encourage our Fire Fighters to attend each new opportunity for further training as it arises.

On June 31, 1966, after forty-three years of service, Captain Ralph W. Bassey of Company One retired from the Walpole Fire Department. He was appointed a Call man on June 6, 1923, became a First Lieutenant on January 1, 1936 and was promoted to Captain on July 1, 1947. He also attended the State Fire School held at Brookline Fire Department Training Grounds. He will be sorely missed after his many years of faithful service. A large gathering of Fire Fighters, Town Officials, business associates, and other friends met together at the Lord Fox on June 23, 1966 to pay honor to Captain Bassey on this occasion of his retirement. He and his wife, Alice, are wished many happy years ahead.

It was with deep regret that I accepted the resignations of Fire Fighters John Glebus, Stanley Benkavich, and Harry Eisner during this past year. Each, in his own way, contributed to the department, and each will be missed.

Fire Alarm Maintenance

Due to a reduction in our maintenance budget to a point below 1965 expenditures, an increase in the hourly pay rate and higher material costs, no obsolete fire alarm boxes were replaced during the year 1966. One new street fire alarm box was installed on our system and five privately owned boxes on buildings were connected to the fire alarm during the year.

Our wire replacement, radio maintenance, box inspections and tree trimming programs were also curtailed due to the cutback in the budget and as a result interruptions to service increased for the first time in many years.

A total of 3,117 manhours were expended on maintenance, testing, repairs and new construction during the year, this is approximately a 25% increase over the previous year. The increase in manhours was the result of construction projects initiated by the electric utility in the South area of the town involving approximately a 500% increase in pole transfers over any previous year.

A total of 393 alarms were sounded over our fire alarm system in 1966.

Space

The library's space problem continues unabated. All parts of the library, branches included, are overcrowded and over-used. Most pressing is that of shelving for the additional books and other items so essential for the library's constantly growing clientele, which has increased 50% since 1960.

An addition to the Main Library was rejected by the hard pressed taxpayers at this year's town meeting, but it will be presented again in 1967. An encouraging note came on December 30 with the word that the town will be eligible for a grant under the Library Services and Construction Act. This federal grant will supply approximately one-fourth the cost of the addition if Walpole's voters appropriate the necessary funds.

Xerox

Probably the year's most far reaching development was the installation of a Xerox 914 Copier early in the summer. Acquired with a view towards alleviating the shortage of skilled clerical help in the cataloging department, it has resulted in a two-thirds reduction in catalog typing. All cataloging work can now be done in the library within a fraction of the time it would take to purchase and process printed cards, which usually arrive two or three months after their books, either causing double the amount of work or holding up the books pending the arrival of the cards. Dolores Munson catalogs adult materials while Louise Hawkins does the juvenile books. Sylvia Barney, part-time typist, does the necessary typing for both departments.

The copier has also been a godsend in administrative work, but it is not only a work saving device. An important fringe benefit is the copying

BOOKS WAITING TO BE SHELVED ON SHELVES LIKE THESE

service that has evolved, permitting library patrons to have Xerox copies made of reference materials to take home. This has been especially popular with junior high and grade school youngsters. Dorothy Wronski is in charge of this service, which is usually provided by a member of the circulation staff.

The Xerox machine has proved to be a way of spreading the library's resources, a convenience to patrons, a work saver and a preventative to the mutilation of library books and magazines.

Technical Processes and the Junior High Room

Because the Xerox machine pre-empted the work area used for technical processes, new space for them was created by partitioning the Junior High Room and using half of it for cataloging and processing new books and mending. More efficient and comfortable quarters have resulted, but they are by no means large enough.

This also has meant depriving the junior high age group of half of their seating space. New book shelves built into the partition and ruthless weeding made it possible to retain an adequate selection of books for them, but it has nowhere to grow.

Partitioning this room meant that a separate staff member is no longer required to supervise it, and Grace Stornanti has been re-assigned to adult desk work and miscellaneous background duties.

Children's Services

Story Hours

Reading aloud is a valuable sharing of imaginative experience and an excellent way to introduce children to the pleasures of books. Story hours were held in the Main Library and East Branch throughout the winter. At Main Library two groups, for preschool children and for elementary grade children, met in the corridor outside the children's room to listen to Mrs. Keefe read. At East Walpole Branch, Mrs. Robert Lounsberry volunteered her services as a reader. All groups were popular, well attended, and, well worth the extra work involved: choosing the right stories, preparing them, and, of course, reading them to the children.

Summer Reading Club

Every summer a reading club is organized for the purpose of encouraging children to read (and enjoy) books in the vacation months. Thornton Burgess' animal world inspired the motif of this year's club of whose 880 members 416 read sixteen books each to qualify for certificates, while another 176 children read eight books apiece and were listed on the club's honor roll.

Book Fair

During the first two days of Children's Book Week in November the annual book fair was again held in Blackburn Hall. Put on so that children, parents and teachers may have the opportunity to browse through the newest library books, these book fairs represent a great deal of time, work and effort and it's unfortunate that they can be held such a brief time. Some teachers sign up ahead of time and bring their classes at twenty-minute intervals and some determined, book loving parents also bring their children. With proper facilities in the library, the "fair" could be held a whole week, possibly even in the evenings, and children and adults could stay longer, browse as long as they wish, possibly to the point of actually reading some of the books.

Once again, the volunteer help of 31 mothers was an indispensable contribution to the success of this year's book fair.

At the Branches

East

Loretta Parasco was promoted to Branch Librarian in January, having served as the branch's Children's Librarian since 1963. She is continuing to specialize in children's work, a branch library's most important service, but it has been possible to create one professional position from two previous ones by delegating the technical and clerical details to assistants. Vida Mudgett and Mae Gilmore are jointly responsible for this work aided by Daisy Pierce and Marjorie Pyne.

North

As a convenience to the students of West Junior High who have been attending class in the afternoons, North Branch has been open two mornings a week since September, and will continue to be as long as the double sessions are in effect. Morning attendance has shown that these young people really appreciated this opportunity to use the library which they would have been deprived of, otherwise, except on Saturday afternoon.

Circulation figures at North show a higher percentage of increase than any other part of the library, having more than quadrupled in the years since 1956, and the space problem here has gone beyond the crisis point. New shelving helped ease the strain on the reference shelves, but there is no other nook or cranny in which shelving could be crammed, unless stacks were to replace the tables being used for studying, reading and book displays.

The reference collections of both branches, plus the main library, were strengthened as a result of a state grant under the Federal Library Services and Construction Act, which made it possible to acquire \$500.00 worth of reference books.

The Eastern Regional Library System

On October 26 the signing of a contract between the Commonwealth of Massachusetts and the City of Boston meant that the Eastern Regional Library System has at last become a legal reality. Funds for its implementation were expected to be made available by the legislature in its 1967 session.

In the planning stages since 1960 when legislation was passed authorizing co-operative library service, the basic purpose of the regional system is to bolster the public library resources of the entire state.

Initially, for Walpole residents, this means an improved interlibrary loan system, including telephone service for urgent requests, but eventually a system for rotating special collections and art exhibits will also be put into operation.

Library Meetings

The library was represented at meetings of various professional organizations ranging from the Sandwich Club (Children's Librarians) to the American Library Association's week long annual conference in New York City.

Such meetings are always interesting, informative and invaluable for the ideas they may produce and the opportunities they afford for learning about the latest developments in the library fields and for talking about common problems with other librarians.

Board of Appeals

DENIS F. O'BRIEN, *Chairman*

DAVID E. PERKINS, *Clerk*

GEORGE B. LYONS, *Member*

VINCENT BADALA. THOMAS J. KENNEDY, *Associate Members*

The first and third Wednesdays of each month are the regular meeting nights of the Board of Appeal except during the months of July and August when they are on the first Wednesday of the month. Public Hearings are generally conducted in the Town Hall (Selectmen's Room).

The Board was severely handicapped by the sudden passing of our Secretary, Mrs. George E. Cann, in September. She was dedicated to her work and she is missed by all members of the Board.

Activity during the year was approximately the same as in prior years although there appeared to be more requests for site plan approvals than in former years. Of the 34 formal hearings approved during the year 17 were for site plans. Decisions have been made on all 1966 Public Hearings. In addition to the 34 formal hearing approvals there were 7 informal hearings, 1 amendment of a prior approval and 7 formal hearings on which approval was denied.

During the year it was necessary for the Town Counsel to make several court appearances on appeals to the Superior Court on the Board's decisions. These appeals were all on site plan approvals and we are glad to report that all decisions have been in favor of the town.

Veterans' Services

JAMES J. FITZGIBBONS, *Director-Agent*

During the year, the following claims were made in the Veterans' Administration either for the Veteran or his dependents. Three claims for service connected disabilities. These were approved by the Veterans' Administration and awards made. Four non-service pensions were filed and approved, four applications for widows and/or children of veterans were filed and approved. One application for burial allowance and three applications for grave markers filed, all granted. We also filed with the Veterans' Administration fifteen applications for schooling, eighteen applications for certificates of eligibility for home loans. All these were approved and granted by the Veterans' Administration. We assisted in the completion of eight applications for the new G.I. insurance for disabled veterans, assisted in completing thirty-two annual income questionnaires for those receiving V.A. pensions, aided in completing applications for tax abatement, recorded thirty-one discharges, made over three hundred copies of various documents needed for processing claims, etc., and answered sixty-eight questions relative to insurance.

Under Chapter 115 Veterans' Benefits of the General laws of Massachusetts, we had fifteen new applications for assistance. Under this program over \$17,000 was expended, with 50% of the expenditure being reimbursed back to the town by the Commonwealth. Medical care continues to be the largest expenditure of our budget with the following being expended for such care: Hospital, \$3,196.99; medicine, \$864.85; doctors, \$109.00; nursing home care, \$5,365.90, and miscellaneous such as glasses, ambulance service, etc., \$161.50.

We are happy to report that the Medicare program has benefited the town as far as this department is concerned. The program has saved the town several hundreds of dollars that otherwise would have had to be expended by the town to hospitals. We also continue to try to obtain

admission to a V.A. Hospital for those veterans who seek such admission and thereby saving the town a possible hospital bill.

As a result of liens, etc., we have been reimbursed for \$268.72 that we expended for assistance. We had sixty-one home visits.

There were many other services that were performed by this office, but listing each and every one would take much space and detail.

We wish to thank the officials of the Veterans' Administration for their many kindnesses, courtesies, patience, and efforts with regards to any business that this office has had with them. We also wish to convey our deepest thanks and gratitude to the personnel of the Department of Veterans' Services at 100 Cambridge street, Boston, Massachusetts, our main office, for the patience and understanding with the many problems of our office, to our Rehabilitation Office Personnel for the outstanding services given in the processing of claims forwarded to them by this office, to the American Legion, Veterans of Foreign Wars, and the various other Veterans' Organizations for their kind and courteous treatment. Last but not least we wish to express our thanks to the various business men, both professional and laymen, and to the various personnel of the town departments for all the kind considerations afforded this office.

We remind all that costs for hospitals, nursing homes, etc., continue to rise along with the cost of living. All these will tend to have a definite bearing on this department's budget. We have hopes of a betterment of the Medicare program which will lighten our expense with regards to medical care for those eligible for the Medicare program.

Town Counsel

RICHARD H. KANNALLY, *Town Counsel*

Your Counsel has furnished legal opinions to elected and appointed officials and various boards and committees of the town and performed legal services as requested by them of him.

During the year cases have been tried resulting in verdicts for the Town of Walpole in the Suffolk Superior Court, Norfolk Superior Court and before the American Board of Arbitration. All legal work for the Town of Walpole has been performed by the Town Counsel.

Due to the growth of the town and the innumerable changes in the law the position of Town Counsel has reached a point where it has become also a fulltime job and I, therefore, reluctantly state that I would not be a candidate for this position in 1967 as I do not have the time to devote to the work involved. I wish at this time to thank all the boards and officials who have cooperated with me.

The year 1966 once again found the Planning Board with a very busy schedule. This was due to 29 regular and 12 special meetings coupled with 10 public hearings on subdivisions and/or petitions for zoning changes. During the year the board also met with the Selectmen, Industrial Commission, Conservation Commission and the Neponset Valley Trust on various town matters of mutual interest.

For the second consecutive year the efficiency of the board was disrupted by the termination of a town official. This disruption occurred when the Town Accountant, who acted as the board's clerk, resigned his position as Accountant for the Town of Walpole. For many weeks the board was forced to operate without the services of a clerk. In due time, however, the board was fortunate to secure Mrs. James Giammarco who did an excellent job in her capacity of clerk until the end of the year when she was forced to resign because of ill health.

The board also secured new office space and once again was able to service the town efficiently on all Planning Board matters.

During the year a study on cluster zoning was made by a board member. Coupled with this study was a visit to Reston, Virginia. The cost of this study and visit was borne by the board's Kendall Fund.

The booklet on the Zoning By-Laws was reviewed and updated and 1,000 revised copies were printed.

The study of two zoning requests, the signing of 26 plans, the review of many Board of Appeal site-plans and cases, together with various pieces of correspondence occupied the remainder of the board's available free time.

JULIUS YANKEE

More than 1000 residents and visitors were present at the 50th Anniversary celebration of the Town Forest, in which 150 took part in the ceremonies. The records including photographs of the proceedings are being held by the Walpole Historical Society.

The Governor issued a proclamation, part of which read as follows:

Whereas, in 1916, the first acre of the first town forest of Massachusetts was established in Walpole, with the first tree planted by then Lieutenant Governor of the Commonwealth, Calvin Coolidge, and

Whereas, on May 1, 1966, the Town of Walpole will observe the Fiftieth Anniversary of the Walpole Town Forest, with planting ceremonies which symbolize the continuing efforts of these civic-minded citizens to maintain the natural beauty of the historic woodland;

Now, therefore, I, John A. Volpe, Governor of the Commonwealth of Massachusetts, do hereby proclaim May 1, 1966 as

WALPOLE TOWN FOREST DAY

A plaque was awarded to the Town by the Massachusetts Forest and Park Association for the "sound resource development and utilization" of its town forest.

The ceremonies took place around a stone marker placed at the edge of the forest to commemorate the event. Token trees were planted with the assistance of some of the grandchildren of the original planters.

Other activities in the forest during the year:

1.—The Old Colony Council of Boy Scouts held its annual Camporee in the Spring with over 500 boys participating.

2.—Camp Fire Girls, Girl Scouts, other private groups, families and individuals have enjoyed the use of the Forest for camping, hiking, fishing, skating, canoeing, nature study, cross-country running, and just peace and quiet from the hurly-burly of present day activity.

3.—Men from the Norfolk County House of Correction help the Park Department by pruning in the forest in preparation for the 50th Anniversary Celebration.

4.—In October 20 students from the Norfolk County Agricultural School from the landscape, wildlife management and conservation classes helped the Town Park Department in planting over 100 trees and shrubs. The plants are multiple-use varieties for color year-round and for wildlife food. Funds for purchase of the trees came from joint 50% cost—sharing Town funds and Federal agricultural conservation program funds.

5.—A pond at the South Street entrance near Washington Street was deepened. This also is a 50% cost-sharing project. This pond will have recreational value for skating, fishing, aesthetic enjoyment and will also serve as an emergency water-hole.

The Department of Public Welfare has continued in its endeavor to operate realistically with efficiency and economy. We have made every effort to be available to our applicants and recipients, as well as to those persons not associated with our Department but who have required social services in varying fields.

We have worked diligently to place emphasis on social services and our aim has been to have every individual associated with us achieve to their maximum potential.

The past year found us experiencing many revisions in our Standards of Assistance. These revisions are far too numerous to detail in this report.

With the inception of Medicare, it was essential to work with our Social Security Administrators and aid recipients in their application for medical benefits and we were later involved in assisting those individuals who became eligible for "the over 72 benefit", under Social Security.

Under date of September 1, 1966 Title XIX of the Social Security Act provided for a new category of assistance — namely the "Medical Assistance Program" sometimes referred to as Medicaid. This program provides for medical assistance to certain persons other than the aged.

Detail of expenditures for this department will be found elsewhere in this report.

We would be remiss if we did not include in this report a thank you that will reach out to all those individuals and organizations that respond to our department with helpfulness and enthusiasm all through the year and particularly through the cherished holiday season.

The Industrial Commission meets on the second Tuesday of each month during the entire year. In addition, the Commission has met several times with the Board of Selectmen, other town committees and has scheduled special meetings with industrial brokers interested in coming to Walpole. The most important of these meetings took place last May at the Boston Chamber of Commerce. The Commission met with a group of municipal and industrial leaders of Massachusetts to discuss Walpole's industrial potential. The unanimous opinion of those attending this meeting was that Walpole has much to offer industry because of its strategic location between Routes 128 and 495 and its close proximity to Route 95. The Walpole Industrial Park was viewed on a 3'x3' aerial photograph and it was recommended that in order to develop this area an access road should be constructed to Routes 1 and 95. The Commission has met several times with the owners and brokers of this Park to decide the best possible route for this road.

This year the Commission expanded its membership from ten to twelve. Various subcommittees were set up to properly carry out the programs of the Commission. The functions of these were to keep in constant touch with the existing business firms in Walpole, check owners of industrial properties to coordinate information concerning areas available for industrial use, establish a working liaison with the Town Administrator and maintain a public relations program for the commission.

Two important maps were added to the files of the Commission. The first of these maps was color coded designating the areas zoned for industry. Each area has been keyed to a file card indicating the name of the

property owner along with pertinent information regarding the property. This is known as the Directory of Industrial Sites. The second map was one that covers the entire town and points up the utility lines. An overlay indicating the topography of the town is included along with a complete set of assessor's maps.

The successful events of the past year have greatly encouraged the Commission. We firmly believe that Walpole possesses all the attributes necessary to attract new industry and are looking forward to another year of continued industrial and economic growth.

The Walpole Housing Authority met fourteen times during the year 1966.

During the year, the Authority finished the exterior painting of the entire project. Essential repairs were made and nominal maintenance continued.

Gilbert W. Anderson was appointed by the State to fill the vacancy of Robert G. Gaw who accepted a position in another state.

At the Special Town Meeting in 1966, the town voted to construct 60 units for Housing for the Elderly. Construction will be started as soon as a site has been secured and all the requirements of the State have been completed.

"Robinwood" consisted of forty-five single family homes—twenty-two two bedroom units and twenty-three three bedroom units. "Robinwood" was built under Chapter 200.

During the year 1966, twenty-one houses were sold. It is expected that the remaining houses will be sold during 1967.

During the year, the Town has actively continued its efforts to conserve natural resources within its boundaries. Extensive cooperation

with Federal, State and local authorities has brought tangible results. Use has been made of significant legislation, available funds, and volunteer personnel to maintain the Town's desirable natural features in a time of residential and industrial expansion.

Some of the current projects of the Conservation Commission, and the general goals of those programs, are:

Cobb's Pond—development for controlled recreational use; preservation as a water resource.

Cedar Swamp—maintenance of this important wetland in its natural state as a major factor in the Town's water table and flood control.

Mine Brook—action to conserve this water resource; protection of the area surrounding the Town Wells; use for restricted recreation.

Neponset River Reservation — cooperation with other towns and organizations to prevent river pollution and improve flood control.

School Meadow Brook—work with abutters to preserve the course and condition of the stream.

Spring Brook-Diamond Brook—development of flood control and recreational use with Federal and State aid.

Stetson Pond—conservation of this natural area as part of the flood control program.

Traphole Brook—work with Norwood to restore this formerly excellent fishing stream; prevent restriction and pollution of its course; coordinate with area flood prevention; state legislation is pending that would help this program.

Active use has been made of the Hatch Act, and of the Flood Plain Zoning enacted at a Town Meeting in 1965. As examples, the Commission cooperated with the Selectmen, and the State offices of Natural Resources and Health to work on the problems created by the Town Dump. Maps were produced and used to relate soil conditions to flood plain zoning. Aerial photos have been utilized for similar purposes.

Land reserved for Conservation purposes was increased in 1966 by the following gifts, purchases and transfer:

GIFTS

Herbert and Janet Bartlett: (Cedar Swamp Conservation Area)	2.0 Acres
Wilbrod and Doris Brule: (Cedar Swamp Conservation Area)	3.8 Acres
Paul Kelly: (Cedar Swamp Conservation Area)	6.1 Acres
Norwal Industrial Trust: (Easement—Sides of Traphole Brook)	37.5 Feet Both Sides

PURCHASES

Katherine Kerr: (Cedar Swamp Conservation Area)	30.2 Acres
Signe Guild: (Cedar Swamp Conservation Area)	36.5 Acres
Emil DiPlacido: (Cobb's Pond Conservation Area)	3.+ Acres

TRANSFER

From Town Tax Title Lands (Formerly of Elizabeth Vose): (Cedar
Swamp Conservation Area) 1.0 Acres

The Town now controls 309.2 acres for conservation purposes, increased from 196.6 acres as of the end of 1965. Other acquisitions are being studied. State reimbursement for lands purchased has been approximately 50% of purchase price. Reimbursement in 1966 totalled \$3,865.00.

The Conservation Commission has worked closely with the Norfolk County Conservation District, State Department of Natural Resources, Metropolitan Area Planning Council, and the Massachusetts DPW Division of Waterways. Members have attended meetings of the Massachusetts Association of Conservation Commissions, Charles River Watershed Association and the Neponset Valley Trust.

Joint meetings have been held with the Board of Selectmen, Planning Board and the Industrial Commission. A high degree of cooperation has been received from the Town Administrator, Town Counsel, Assessor's Office, Engineering Department and the Town Clerk's Office. Their aid has helped the Commission in its work and is deeply appreciated.

The Conservation Commission meets in the Town Hall at 7:30 p.m., on the 1st and 3rd Thursdays of the month. Meetings are open to the public. Interested Walpole citizens are invited to extend their help in the work of the Commission.

School Enrollment

Our schools opened on September 7, 1966 with 4448 pupils enrolled. Of this number 2,535 were in Grades One through Six, 1,091 in Grades Seven, eight and nine, with 822 at the Senior High School. Due to a series of delays our West Junior High did not open until February. During this trying period, double sessions were held at the East Junior High School.

A steady increase in enrollment has been taking place over the past ten years. This trend will continue as long as land is available for new housing in Walpole. Studies show that we will have a student enrollment of 7,500-8,000 at saturation some time in the future. Each year as we approach this point, we begin to feel the need for classroom space. At the elementary level, twelve classes will have to be transported to our Junior High schools and the need for an addition at the Fisher School is pressing. State mandated Kindergartens will also add to our space problem in the Elementary Schools.

SCHOOL COMMITTEE IN THE LANGUAGE LAB

In a few years, we will have 1,200 Senior High pupils. There will be more Seniors than ever before and, of course, more Juniors. Therefore, we will need more laboratories, Chemistry, Physics, and Biology. We need to take a hard look at our Senior High now—not five or six years from now when we will have spent money on short term renovations and alterations and then find to our sorrow that a major problem is facing the Town.

Speech Therapy Program

Miss Susan Katz, our first full time Speech Therapist, began this important educational service in September. Approximately 400 children were found to require Speech Therapy services. Of these 400 children, 110 were enrolled in the 1966-1967 Program. The caseload selection was based upon the immediacy of the need for therapy and the number of children who could be properly assisted by one Therapist.

Remedial Reading Program

Under the direction of Reading Supervisor, Richard Wylie, our two Remedial Reading teachers began testing and evaluating on September

STUDYING IN THE JUNIOR HIGH SCHOOL LIBRARY

12, 1966. In two weeks, they screened 235 children who had been referred by teachers and principals as possible candidates for Remedial Reading classes. The children came from the second and third grades in the six Elementary schools.

At the Fisher and Stone Schools, Remedial classes meet three times for thirty minutes per meeting. At the Boyden, Plimpton, Old Post and Bird Schools, the classes meet twice a week for forty-five minutes.

MRS. EDITH ADAMS ENCOURAGES PUPILS TO READ

Reading Supervisor

Mr. Richard Wylie, a Reading specialist, has been engaged by the School Committee to upgrade our entire Reading program. His organization, testing program, in-service programs for Teachers, and his attention to the many details involved in the correct and efficient teaching of this important skill have pleased us greatly. Mr. Wylie has revised and placed stress on a strong program of phonics in our system.

School Libraries

The Walpole school library program has as its goal the establishment of a library instructional materials center in every school, both elementary and secondary. These centers will be developed and expanded to meet the standards outlined in "Guidlines for Title II Elementary and Secondary Education Act," and "Evaluative Criteria . . ." and in the standards for school libraries of the American Library Association.

This is an urgent need in Walpole for a library processing center, where all the books and audiovisual materials purchased for school libraries

A STORY HOUR WITH MRS. EDITH ADAMS

may be catalogued and processed for distribution to individual schools. At the present time, the card typing, order work, lesson plans, and curriculum lists are completed in the office of the Walpole High School library. This was not planned for such combined operations as a processing center for all schools and ongoing work of one school library. Conditions are very crowded, with joint operations being carried out in such a small area. A large work area is needed, preferably on the first floor of one of the school buildings in Walpole, so that delivery of materials and distribution after processing can be carried out easily.

Walpole has two elementary schools without school libraries. It is a major objective of our long-range plan to establish library instructional materials centers in the Stone School and in Plimpton School. The school libraries in the other elementary schools need to be expanded and to include the multi media now obtainable under Title II. A five-year plan of acquisition of books, audiovisual materials, etc. in Walpole's school libraries has been made. This plan will be carried out as we endeavor to create an instructional materials center in each of our facilities.

SCHOOL ART EXHIBIT AT BLACKBURN HALL

The Walpole High School library needs a listening and viewing area as soon as possible. It also needs expanded quarters and individual study carrels. Additional shelving, microfilmed periodicals and microfilm reader-printer, and additional card catalog units are also needed as we plan to update this eleven-year-old library suite. The East Junior High School library needs a listening and viewing area, and individual study carrels.

YOUNG MEN WHO HAVE JOINED THE ARMED SERVICES

The following young men have joined the Armed Services: *U. S. Army*—Harry Eisner; *U. S. Marine Corps*—Donald Hurd and James Vinson; *U. S. Coast Guard*—Carl Schwaab; *U. S. Air Force*—Timothy Spillane, Frank Petrello, Wayne Marshall, Neil LaMountain, Ted Fitzpatrick; *U. S. Navy*—James Waldron, John MacDonald, Gary Kobel, David Fisher, Teddy Brady.

Curriculum Developments

New courses added this year were:

1. German II
2. Junior Clerical Training
3. Senior Clerical Training
4. Secretarial Practice

Other curricular innovations that are being studied for possible adoption in the near future are:

1. Data processing fundamentals.
2. Biological Science Curriculum Study Course.
3. Chemical Educational Material Study.
4. Laboratory oriented seminar in Science for Advanced Seniors.

Data Processing Services

The Univac Data processing services were utilized again this year in the preparation of individual and master programs and scheduling for pupils and teachers. The efficiency and accuracy of this system warrant the continued use of the services. Report cards were prepared and issued by the service this year with similar efficient results. Under consideration and study for future use is the use of data processing for attendance and permanent record information.

Further, we are exploring the feasibility of renting our own unit record equipment as some one hundred other secondary schools in the Commonwealth have already done.

We have been notified by Univac that, effective in the Fall of 1967, they will not continue this type of work with schools. Therefore, we are investigating other agencies which can render similar services.

Instructional Materials

Pupils are being well-supplied with modern instructional materials.

Audio-visual teaching aids, curricular reading lists and reference materials from the library, television programs, outside speakers, and exhibits have been used in the instructional program.

In addition, a shorthand-dictation laboratory has been installed and has been in use since September, 1966. This facility is proving to be a most worthwhile addition.

ADJOURNED ANNUAL TOWN MEETING

April 4, 1966

Pursuant to the adjournment of the Adjourned Annual Town Meeting held in the Town of Walpole, March 28, 1966 and all the By-Laws concerning the calling of Town Meetings having been complied with, an adjourned Town Meeting was held in the High School Auditorium on Monday, April 4, 1966 at 7:30 p.m.

A quorum being present, Moderator George F. Barr called the meeting to order. On a motion regularly made and seconded, it was voted to waive the reading of the Warrant.

ARTICLE 1—The Moderator requested all non-voters to raise their right hands, and addressed them with respect to their behavior.

The Moderator appointed Julius Yankee, Joseph N. Welch, Christopher O'Neil, and Jan Spear as Tellers.

Chairman of the Board of Selectmen, Edward J. Delaney, moved that the Moderator appoint Herbert Readell and Walter F. Meyer as Surveyors of Lumber and Measurers of Wood and Bark. It was so voted.

ARTICLE 2—Mr. Edward J. Delaney, Chairman of the Board of Selectmen, offered the following motion:

It was Moved, Seconded and Voted: That the Moderator appoint with the approval of the Board of Selectmen, three (3) voters to act as a permanent Capital Programming Committee to report to the Selectmen and act in an advisory capacity to other Town Committees, both elected and appointed, in matters which concern capital expenditures.

ARTICLE 2—On a Motion made by Mr. Roger F. Turner, *It was Moved and Seconded:* That the Moderator appoint a committee of three (3) to study and report the advisability of amending the By-Laws of the Town of Walpole to provide the election of three (3) Selectmen with compensation for their services upon a full-time schedule, together with such other amendments to the By-Laws as may appear appropriate to improve the government of the Town and retain the administration of the Town under local Town Government.

The Motion was defeated.

Mr. Roger F. Turner informed the meeting that Section 15, C. 563 Acts 1964 (M.B.T.A.) provides the right for any city or town within the authority if assessed to vote at an annual or special election next following the last day of April of the year next following the year on account of which such assessment has been made; "Shall the local mass transportation service in this town be discontinued?"

It was Moved, Seconded and Voted: That the question be placed upon the official ballot at the next appropriate Town Annual or Special Election.

Mr. Lytle Williams, Chairman of the Parking Committee, presented a report of progress.

"PROGRESS REPORT

COMMITTEE TO STUDY PARKING FACILITIES

Under Article 77 of the 1965 Annual Town Meeting Warrant a number of amendments to the Zoning By-Law were moved and adopted. Amendment #18, which was among those adopted, provided a new Section of the By-Law, SECTION IV (A). PARKING REGULATIONS. Although the need for definitive guide lines covering vehicular parking within the Town is recognized, consideration of the application of the new rules in some instances suggests questions as to their practicality and to some extent as to their adherence to the intent of the amendment. Reflecting this doubt, the appointment of a Committee to reappraise the adopted Parking Regulations was requested and approved.

The Committee has reviewed SECTION IV (A) and feels that, as a whole, the regulations are sound. However, minor modifications of several restrictions and the clarification of one or more qualifying phrases can, in the Committee's opinion, assure more equitable and workable parking controls. Where a significant difference in interpretation is possible, sufficient explanation to eliminate such areas of potential disagreement should be incorporated in the By-Law.

No detailed changes are being suggested at this time as the Committee currently has not finished its examination of all aspects of the total parking problem. When this has been completed, the Committee will draft a recommended amendment to SECTION IV (A) PARKING REGULATIONS, of the Zoning By-Law. At that time, the Planning Board will be requested to hold the necessary Public Hearing. Subsequent to such hearing the amendment, with any modifications engendered by the hearing, will be presented for consideration by the earliest Special or Annual Town Meeting.

Respectfully submitted,
Eleanor M. Harding
Geoffrey E. Plunkett
Lytle G. Williams, Chairman"

ARTICLE 3—*It was Moved, Seconded and Voted:* That the Town authorize the Town Treasurer with the approval of the Selectmen, to borrow money from time to time, in anticipation of the revenue of the financial year, beginning January 1, 1966 and to issue a note or notes therefor, payable within one year, and to renew any notes as may be given for a period of less than one year, in accordance with Section 17, Chapter 44 of the General Laws, (Ter. Ed.).

ARTICLE 4—*It was Moved, Seconded and Voted:* That the Town petition the Director of Accounts, Department of Corporations and Taxation, Commonwealth of Massachusetts, for an audit of the Town's Accounts, in accordance with Section 35, Chapter 44, of the General Laws, (Ter. Ed.).

ARTICLE 5—*It was Moved, Seconded and Voted:* That the Town authorize the Collector in collecting taxes to use all means which the Treasurer may use when appointed Collector.

ARTICLE 6—*It was Moved, Seconded and Voted:* That the Town authorize the Collector in collecting water rates and service bills to follow the rules and regulations of the Water Department.

ARTICLE 7—*It was Moved, Seconded and Voted:* That the Town authorize the Collector in collecting sewer assessments to follow the rules and regulations of the Sewer Department.

ARTICLE 8—*It was Moved, Seconded and Voted:* That the Town authorize the Selectmen, to sell any and all property now owned by the Town, or to be acquired, as a result of foreclosing rights of redemption in said property.

ARTICLE 9—*It was Moved, Seconded and Voted:* That the Town instruct the Selectmen to provide compensation under the Workmen's Compensation Act, for its laborers, workmen and mechanics, including all employees of the Town, regardless of the nature of their duties, receiving injuries out of and in the course of their employment or in case of death resulting from such injury, raise and appropriate money therefor.

Mr. David Cameron, Chairman of the Appropriations Committee, explained the manner in which their recommendations have been arrived at and then offered the following motion:

It was Moved, Seconded and Voted: That the recommendations of the Appropriation Committee be accepted as Motions for action by the Town.

Mr. Edward Delaney, Chairman of the Board of Selectmen, presented a new Part-Time Schedule consisting of nine recommendations in Salary and Wage Schedule totaling the sum of \$5,807.00.

ADJOURNED ANNUAL TOWN MEETING

April 5, 1966.

Pursuant to the adjournment of the adjourned Annual Town Meeting held in the Town of Walpole, April 4, 1966 and all the By-laws concerning the calling of Meetings having been complied with, an adjourned Town Meeting was held in the High School Auditorium on Tuesday, April 5, 1966 at 7:30 p.m.

A quorum being present, Moderator George F. Barr called the meeting to order. On a motion regularly made and seconded, it was voted to waive the reading of the Warrant.

The Moderator appointed the following Tellers: Evans F. Spear, Jr., Joe N. Welch, Jesse Jeffery, and Andrew Bain.

ARTICLE 12—*It was Moved, Seconded and Voted:* That the Town raise and appropriate a sum of money to pay its proportionate share in the Contributory Retirement System for the year 1966. (Budget Item No. 116).

ARTICLE 13—*It was Moved, Seconded and Voted:* That the Town raise and appropriate the sum of nine thousand five hundred dollars (\$9,500.00) for the employment of a District Nurse or Nurses.

ARTICLE 14—*It was Moved, Seconded and Voted:* That the Town instruct the Selectmen to make a minimum charge of one dollar (\$1.00) for water in Francis William Park, a public park, in East Walpole for the year 1965, raise and appropriate the sum of one thousand one hundred and sixty and 18/100 (\$1,160.18) to pay the difference between said minimum charge of one dollar (\$1.00) and the bill rendered by the water department for the year 1965 to Francis William Park.

ARTICLE 15—*It was Moved, Seconded and Voted:* That the Town raise and appropriate or transfer from unappropriated funds, available in the treasury, a sum of money for the maintenance of Chapter 90 roads in Walpole, said money to be used in conjunction with any money which may be allotted by the State or County or both for this purpose. (See Budget Item No. 66).

ARTICLE 16—*It was Moved, Seconded and Voted:* That the Town raise and appropriate for the Water Department by transfer from the Water Available Surplus Account, the sum of one hundred forty-three thousand eight hundred forty-two and 56/100 dollars (\$143,842.56) in accordance with the provisions of Chapter 396 of the Acts of 1928.

ARTICLE 17—*It was Moved, Seconded and Voted:* That the Town raise and appropriate by transfer from receipts of the Sewer Department to the Sewer Department for administration, maintenance and sewer connections payable in 1966, the sum of sixty-eight thousand four hundred fifty-eight dollars (\$68,458.00).

ADJOURNED ANNUAL TOWN MEETING

Monday, April 18, 1966

Norfolk, ss.

Pursuant to the adjournment of the Adjourned Annual Town Meeting held in the Town of Walpole, April 12, 1966, and all the By-Laws concerning the calling of Town Meetings having been complied with, an Adjourned Town Meeting was held in the High School Auditorium on

MONDAY, APRIL 18, 1966 at 8:01 P.M.

A quorum being present, Moderator George F. Barr called the meeting to order, and immediately adjourned until the Special Town Meeting was completed.

The Adjourned Annual Town Meeting was reopened at 9:40 P.M.

Moderator George Barr appointed the following Tellers: Jesse E. Jeffrey, Julius Yankee, Christopher O'Neil and Andrew Bain.

ARTICLE 1—*It was Moved, Seconded and Voted:* That the Town amend the Warrant.

ARTICLE 66—*It was Moved, Seconded and Voted:* That the Town amend the By-Laws by adding thereto the following:

Section 1. License fees; exemption for seeing-eye dogs; refund of fees.

The annual fee for every dog license, except as otherwise provided by law, shall be three dollars for a male dog, and six dollars for a female dog unless a certificate of a registered veterinarian who performed the operation that such female dog has been spayed and has thereby been deprived of the power of propagation has been shown to the Town Clerk in which case the fee shall be three dollars. A certified copy of such certificate on file in the office of any city or town clerk within the Commonwealth may be accepted as evidence that such operation has been performed. If the Town Clerk is satisfied that the certificate of the veterinarian who spayed the dog cannot be obtained, he may accept in lieu thereof a statement signed under the penalties of perjury by a veterinarian registered and practicing in the Commonwealth describing the dog and stating that he has examined such dog and that it appears to have been, and in his opinion has been, spayed and thereby deprived of the power of propagation. No fee shall be charged for a license for a dog specially trained to lead or serve a blind person; provided, that the division of the blind certifies that such dog is so trained and actually in the services of a blind person. No license fee or part thereof shall be refunded because of the subsequent death, loss, spaying or removal from the Commonwealth or other disposal of the dog, nor shall any license fee or part thereof paid by mistake be paid or recovered back after it has been paid over to the county under Chapter 140, Section 147 of the General Laws.

Section 2. Disturbing the peace.

No person shall own or keep in the Town any dog which by biting, excessive barking, howling or in any other manner disturb the quiet of the public.

Section 3. Complaint of Nuisance.

If any person shall make a complaint in writing to the Dog Officer that any dog owned or harbored within his jurisdiction is a nuisance by reason of vicious disposition or excessive barking or other disturbance, the Dog Officer shall investigate such complaint which may include an examination under oath of the complainant, submit a written report to the Selectmen of his findings and recommendations, together with the written complaint. Upon receipt of such report and examination of the complainant under oath, the Selectmen may make such order concerning the restraint, muzzling or disposal of such dog as may be deemed necessary. The Dog Officer, after investigation, may issue an interim order that such dog be restrained or muzzled for a period not to exceed fourteen days to enable the Selectmen to issue their order following receipt of the report of the Dog Officer. If the Selectmen fail to act during the period of the interim order, upon expiration of the period the interim order automatically is vacated.

Section 4. The Dog Officer may restrain or muzzle, or issue an interim order to restrain or muzzle, for a period not to exceed fourteen days, any dog for any of the following reasons:

- a. For having bitten any person.
- b. If found at large or unmuzzled, as the case may be, while an order for the restraint of such dog is in effect.
- c. If found in a school, schoolyard or public recreational area.
- d. For having killed or maimed or otherwise damaged any other domesticated animal.
- e. For chasing any vehicle upon any public way or way open to public travel in the Town.
- f. For any violation of Section 2.

Upon restraining or muzzling, or issuing an interim order to restrain or muzzle, the Dog Officer shall submit in writing to the Selectmen a report of his action and the reasons therefor. Upon receipt of such report the Selectmen may make such order concerning the restraint, muzzling or disposal of such dog as may be deemed necessary. If the Selectmen fail to act upon the report during the period the dog is restrained or muzzled, upon expiration of the period, the interim order automatically is vacated.

Section 5. Appeal of restraint or muzzling.

The owner or keeper of any dog that has been ordered to be restrained or muzzled or has been restrained under this article, may file a request in writing with the Dog Officer that the restraining order be vacated, or that the dog be released, and after investigation by the Dog Officer such Officer may vacate such order or release such dog, if the order or restraint was imposed by him. If the order was imposed by the Selectmen, the Dog Officer shall submit a written report of his investigation, with his recommendations, to the Selectmen, who may vacate such order.

Section 6.

Any owner or keeper of a dog who shall fail to comply with any order of the Dog Officer or Selectmen issued pursuant to this article shall be punishable by a fine of ten dollars.

Vote: Unanimous.

ARTICLE 2—On a Motion offered by Roger Turner, *It was Moved and Seconded*: That a Committee of five (5) be appointed by the Moderator with the consent of the Board of Selectmen to study and report on the question of amendment of the By-Laws of the Town so that the administration of the Town may be revised, if necessary, to more effectively deal with our social, political, and technological transition and change.

The Motion was Defeated.

ARTICLE 67—On a Motion offered by Chairman David Cameron of the Appropriations Committee, *It was Moved, Seconded and Voted*: That action on this Article be indefinitely postponed.

ARTICLE 68—On a Motion offered by the Board of Assessors, *It was Moved and Seconded*: That the Town raise and appropriate by transfer from the overlay surplus account the sum of fifty-four thousand dollars (\$54,000) to authorize the Board of Assessors to undertake a complete revaluation of the Real and Personal Property of the Town and to contract for or engage expert appraisers to assist the Board in accomplishing such undertaking.

Town Counsel Richard Kannally offered the following substitute Motion, *It was Moved, Seconded and Voted*: That action on this Article be indefinitely postponed.

There being no further business to come before the meeting, it was moved, seconded and voted that the meeting be dissolved. The Moderator so declared at 10:10 P.M.

STANDARDS RATES OF SALARIES AND WAGES

1—Title

The Classification of Positions and the Pay Schedules appended hereto and the provisions of the By-Law shall be the Classification and Wage and Salary Plan (hereto after referred to as the PLAN) for the payment of Salaries and Wages to the employees of the Town of Walpole except such positions as are exempt.

2—Application

The PLAN shall apply to all officers and employees in the service of the Town (whether full time, or part time, seasonal, casual, special, Civil Service or other) other than those positions filled by popular election and those under the direction and control of the School Committee. Nothing herein, however, shall bar using the Plan or its provisions or facilities provided by the Personnel Board as a guide to authorized officials or Committees in determining the compensation of such otherwise exempted employees or officials.

3—Title of Positions

No person shall be employed or paid as an employee in any position subject to the provisions of the Plan under any title other than those in the Schedules or under any title other than that of the job, the duties of which are actually performed. The job title in the Plan shall be the official title of the position and shall be used in all administrative and employment records, and in every other connection involving personnel or fiscal processes.

4—Personnel Board

There shall be a Personnel Board appointed by the Moderator, consisting of five members other than employees or elected officials of the Town. Two members shall be appointed for a term of three years, two for a term of two years, and one for a term of one year. All subsequent appointments shall be made for a term of three years. Any vacancies shall be filled by the Moderator.

The Personnel Board shall serve without pay.

Amendment

4a.—Quorum, Minutes

Any or all of the powers it may itself exercise, the Board may delegate to a committee of three of its members and this number shall at any time constitute a quorum; and as long as there is a quorum present none of the Board's rights or power to exercise them shall be impaired by vacancies in the Board or absences from its meetings.

5—Duties of the Personnel Board

a.—The Personnel Board shall administer the Plan and establish such policies, procedures and regulations consistent with the Plan as it deems necessary.

Amendment

a.—The Personnel Board shall enforce and administer the Plan and establish such policies, procedures and regulations as it deems necessary and consistent with the Plan.

b.—The Board shall maintain written descriptions of the jobs or positions in the Plan describing the essential characteristics, requirements, and general duties. The descriptions shall not be interpreted as complete or limiting definitions and employees shall continue to perform any duties assigned by their superiors.

c.—The Personnel Board shall maintain personnel records of all employees, including therein such information as it deems advisable, said records to be kept by the Town Accountant on behalf of the Personnel Board. Department Heads shall furnish such information as shall be requested for this purpose.

d.—The Personnel Board shall review all positions subject to the plan at intervals of not more than three years. The Personnel Board may add a new position to the plan or reclassify an existing position to a different schedule or grade, subject to the subsequent ratification of its actions by a formal amendment of the plan at the next Town Meeting. All reclassifications of schedules including Grade, Pay Ranges and Pay Rates shall be effective January 1 of the year following the Personnel Board's Reclassification.

5d.—(amended April 11, 1966)—“The Personnel Board shall review all positions subject to the plan at intervals of not more than three years. The Personnel Board may add a new position to the plan or reclassify an existing position to a different schedule or grade, subject to the subsequent ratification of its actions by a formal amendment of the plan at the next town meeting. All reclassifications of schedules including grade, pay ranges, pay rates shall be effective on the dates recommended by the Personnel Board, *provided the amounts of money do not exceed those voted in the department budgets at the Annual Town Meeting.*”

e.—The Personnel Board shall from time to time review the Wage and Salary Schedules. It shall keep informed as to pay rates and policies outside the services of the Town and shall recommend to the Town any action deemed desirable to maintain a fair and equitable pay level.

f.—Upon recommendation of the Department Head, supported by evidence in writing of special reasons and exceptional circumstances satisfactory to the Personnel Board, said Board may authorize any entrance rate higher than the minimum rate for a position, and such other variances in the Salary Plan as it may deem necessary for the proper functioning of the services of the Town.

g.—The Personnel Board shall compile and maintain up-to-date charts of the organization structure of the Town.

Amendment

h.—If Town Meeting fails to ratify one or any of the Board's actions, that failure shall have no retroactive effect and the Board shall be held safe and blameless.

6—Effective Date

The Plan shall become operative on the effective date of this By-Law.

7—Installing Plan

a.—All present employees included in the Plan shall be eligible to receive any pay based upon their job classification as provided by the schedules adopted herewith. All adjustments shall be subject to the approval of the Department head and the Personnel Board.

b.—No pay shall be reduced as a result of the installation of the Plan. Any existing rates above the maximum shall become personal rates and apply only to the present incumbent. When his employment ends, no successor shall advance beyond the maximum for the job.

8—Increases

Progress through the rate ranges is NOT automatic and shall be on the basis of step increases because of merit on recommendation of the Department Head and the Personnel Board. Employees who leave the service of the Town after the first day of any year and an increase in pay is voted at the Annual Town Meeting, these employees will be paid such increases from the time worked during that year.

9—Promotions and Transfers

When an employee is promoted to a higher rated job, he shall enter at the minimum of the job rate range or at his own rate, whichever is the higher. He may also receive a step increase at the time, if the Department Head feels that qualifications and performance warrant it, and the Personnel Board recommends it.

If an employee should be transferred and reclassified to a lower rated job he shall enter it at his own rate or at the maximum of the job, whichever is lower.

9a—Rate Range Revisions

When rate ranges are affected by a wage increase voted by the Town, either fixed percentage or a fixed amount, all employees covered by the Plan shall benefit but no employee shall be increased to a higher step in the rate range unless such increase shall be on the basis of merit at the recommendation of the Department Head and the Personnel Board.

Amendment

9A1.—No job, position, or employee, or any rate of pay, can be reclassified or reallocated, nor any step (progression increase) granted; unless the Board shall have specifically approved the action before it is taken.

9A2.—And the proper department head shall inform the Board of each change in the content of a job or position.

9b.—An employee reclassified as a result of rate range revision shall continue at his current rate until such time as the Department Head recommends that qualification and performance warrant a merit increase and the Personnel Board approves.

9c.—No pay shall be reduced as a result of rate range revision of the Plan when employee receives a pay rate above the maximum for the job. This rate becomes a personal rate and applies only to the present incumbent. When his employment ends no successor shall advance beyond the maximum for the job.

10—New Personnel

The hiring rate shall be the minimum of the rate range for the job unless otherwise authorized by the Department Head and Personnel Board. If such authorization is given, it shall be supported by written statement of the reasons.

Amendment

10a—Probationary Period for New Hires

The first six calendar months of employment shall be a probationary period for each new employee including rehired employees reinstated, and during this probationary period the employee may be released and separated from employment without any stipulation of a reason for the action.

11—Vacations

The following annual vacations with pay will be granted to all full time employees and to regular part time employees who are on an hourly paid basis, after the following periods of continuous employment:

<i>Time Employed</i>	<i>Length of Vacations</i>
6 months up to one year	1 week
1 year to 14 years	2 weeks
15 years and over	3 weeks

Amendment

<i>Time Employed</i>	<i>Length of Vacations</i>
6 months up to but less than 1 year	1 week
1 year but less than 15 years	2 weeks
15 years and over	3 weeks

For the purpose of this article, a regular part time employee is one who is scheduled to and/or works no less than eight hours weekly. The weekly vacation pay of such regular part time employee shall be the average of his weekly pay for the last twenty-six weeks worked immediately preceding his vacation.

Vacations with pay shall not be granted temporary employees.

Should a holiday fall during the vacation period on a regularly scheduled work day, an additional day of vacation shall be allowed for full time employees, except for professional employees of the Library.

Full time professional employees of the Library shall receive a four weeks annual vacation with pay after one year of continuous service.

Vacations shall not be cumulative from year to year.

Employees terminating their employment with the Town will receive payment in lieu of any earned vacation not yet taken in the calendar year of their employment termination.

12—Leave of Absence

Except for jury duty, military training, or other reasons to the extent herein-after provided, all leaves of absence shall be without compensation.

13—Sick Leave

No sick leave with pay shall be granted during the first three months of employment.

After three months of continuous employment an employee shall be entitled to sick leave with pay for the following reasons:

- Personal illness;
- Exposure to contagious diseases;
- Attendance upon members of immediate family whose illness requires the care of such employee;
- Death in the immediate family.

<i>Period of Employment</i>	<i>Sick Leave Allowance</i>
3 months up to 1 year	Up to 6 work days
After 1 year	12 work days each year not to exceed 36 work days

Loss of time directly attributable to injury incurred while performing assigned duties shall not be charged to sick leave.

Amendment

13—Personal Leave

No personal leave with pay shall be granted during the first three months of employment.

After three months of continuous employment an employee shall be entitled to sick leave with pay for the following reasons:

- Personal Illness;
- Death in Immediate Family.

Sick Days: 2 hours accrued per work week with a limitation of fifty-two days accrued time—maximum 52 days.

Loss of time directly attributable to injury incurred while performing assigned duties shall not be charged to sick leave.

14—Holidays

Regular employees shall be paid for each of the following holidays which falls on or is observed on a regularly scheduled work day: New Year's Day, Washington's Birthday, Patriots' Day, Memorial Day, Independence Day, Labor Day, Columbus Day, Armistice Day, Thanksgiving Day, Christmas Day.

"Regular employees of the various Town departments, other than department heads, police and fire department employees, and others by agreement when hired, required to work on any of the above specified holidays shall be paid on the basis of time and one half in addition to the regular pay for that day or at the discretion of the department head, may be given equivalent time off at regular pay."

If a holiday falls on a Sunday but is observed on the following Monday, it will be paid for. If a holiday falls on a Saturday which is not a regularly scheduled work day, it will not be paid.

Full time employees of the police department who are required to work on any of the above specified holidays shall be paid an additional day's pay for that day, or, if any full time police department employee works five or more days a week and whose day off falls on any of the aforementioned holidays, except when such holiday occurs on Saturday, an additional day shall be allowed, or payment in lieu of that day shall be allowed. Fire department employees will be paid at straight time for time worked on a holiday.

15—Overtime

a.—No overtime shall be paid to the following in the normal course of their duties, even though the positions may be referred to below.

Department Heads
Professional Employees
Fire Department Employees
Others by Agreement When Hired.

b.—Hourly-paid employees in Industrial Trades and Service Schedule—Time worked prior to or after the regularly scheduled eight hour work day, Monday through Friday, inclusive, shall be paid at the rate of time and one-half. Time worked Saturdays and Sundays after forty hours have been worked during the week, shall be paid at the rate of time and one-half.

c.—Salary Employees in Salary and Office Occupations and Building Custodians—Overtime at the rate of time and one-half shall be paid for all hours worked in excess of forty hours in any one week, or at the discretion of the Department Head, the employee may be given equivalent time off.

15d.—Amended

"An off duty police officer appearing at District Court to obtain a complaint shall be paid three dollars (\$3.00) per day or any part thereof. The three dollars (\$3.00) fee will not be authorized when a complaint is not issued nor will any compensation be paid.

"For an appearance at District Court, Grand Jury or Superior Court for an examination, hearing, arrest or trial session, an off duty officer shall receive three (3) hours minimum pay based upon individual hourly rate and said rate for each hour thereafter together with the retention of all witness fees.

"The time and a half provision in the Walpole Town By-Law does not apply to the foregoing.

"As far as practicable court appearances shall be regulated by the Chief of Police."

d.—Police Department. Overtime at the rate of time and one-half shall be paid for all time required in excess of eight hours in any one day. This shall not apply however to work performed which is paid for by fees. Work performed on a scheduled day off or during vacation shall be paid on the basis of straight time, in addition to any regular pay applicable to that day, or at the discretion of the Chief, the employee may be given equivalent time off.

e.—Other. If any employee holding two or more paid jobs in the service of the Town accrues overtimes, the Department Head shall refer to the Personnel Board the determination of the fair normal time content of each job, and, to the extent that such employee works daily or weekly in excess of that time he shall be paid overtime at the rate of time and one-half or given equivalent time off.

f.—There will be no pyramiding of overtime.

g.—Fire Department. Call employees of the Fire Department when responding to a fire alarm in accordance with departmental regulations, shall receive a premium of twenty cents per hour performing such duties. This premium applies as consideration for compensation not received from their regular place of employment while performing Fire Department duties.

16—*Jury Duty*

An employee called for jury duty shall be paid by the Town an amount equal to the difference between the compensation paid for a normal working period and the amount paid by the Court excluding allowance for travel.

17—*Military Training*

Employees with more than one year continuous employment by the Town next prior to the time of performing the service herein referred to, who are required to report for temporary summer or like period of training in the military forces of the Nation or the Commonwealth shall be paid an amount equal to the difference between compensation for normal working period of two weeks and the amount paid for military training. An employee, on request, may combine his military leave with his regular vacation period.

18—*Departmental Budgets*

Each Department Head shall include in the departmental budget a Pay Adjustment Section, to provide funds for anticipated pay adjustments during the year, expenditures to be made therefrom only in accordance with the Salary Plan with the approval of the Personnel Board.

The Department Head of any one department shall be entitled to recommend merit increases for his employees a total amount of money up to but not exceeding 3% of the total payroll of that department in any one calendar year.

18a.—*Fringe Benefits*

Proposed changes in existing fringe benefits, such as group insurance, vacations, holidays, premium pay, etc., and/or proposals for any additional fringe benefits shall be submitted by the Department Head to the Personnel Board for its recommendation prior to inclusion in proposed departmental budgets.

19—*General*

If any provision of this By-Law shall conflict with any civil service law or regulation applicable to any position, or any other law, it shall be deemed modified by the law or regulation sufficiently only to end the conflict. The invalidity of any provision hereof shall not be construed to invalidate any other provision hereof.

20—*Classification and Schedules*

The classifications and schedules of pay under the Plan shall be as shown in the appended "Classification of Positions and Pay Schedules" as from time to time amended.

21—*Amendment*

This By-Law may be amended by vote of the Town at any regular or special meeting.

On Motion made and Seconded, it was *Voted*:

To adopt the proposed By-Law governing the classification of Personnel and the Administration of Standard Rates of salaries and wages as specified in Article 2 of the Special Town Meeting Warrant for action March 22, 1954, and the Classification of Positions and Pay Schedules, included in the report of the Wage and Salary Committee with amendments.

Amendment

21—*Amendment*

To permit adequate study, proposed amendments other than those initiated by the Board shall first be presented to the Board in writing, but not less than forty-five days immediately before the date of the meeting in which it is intended to seek action on the said amendment.

21a—Severability

If any provision of this By-Law, or its application to any person or circumstance shall be held invalid or is changed or diminished in any way, the remainder of this By-Law and the application of its provisions and of the provision or provisions affected, other than as to which it or they is or are held invalid, shall not be affected thereby.

SACRED HEART SCHOOL AND CONVENT
ARCHD. CARDINAL CURPIN, BISHOP OF BOSTON
AT BOSTON AUGUST 18, 1904
EUGENE J. CURPIN, ARCHD.

The first parochial school in Walpole's history, the Blessed Sacrament Elementary School, opened on September 7, 1966. The school includes a convent, parish auditorium, and 16 classrooms. The Franciscan Sisters of Glen Riddle, Pennsylvania, are staffing the school.

About 130 first and second grade boys and girls are attending the classes. Two additional classes will be added each year, beginning with grade three in 1967, until the school has eight grades.
